

Easter

TIME FOR CELEBRATION

Dear Friends,

Easter is a victory celebration. The victory of light over darkness, of good over evil. The victory of life over death.

The victory did not come easily, and it was costly. It had been paid for with the Blood of the Son of God.

What does this mean for us, for you and me?

It means that our own life will not end at the death-bed.

It means that Christ proved to be the true Messiah and the Son of God.

Resurrection represents new life and the fullness of God's love.

Christ's resurrection enables us to accomplish things that we are not capable of achieving on our own.

How many times in our life we were fed up with sameness, with the drudgery of our daily routine, yearning for something more and something better.

The change will come when we surrender to God's power.

The power of Resurrection gives us what we need to live a godly and fulfilling life in spite of our weaknesses, bad habits and addictions.

God cares for us more than we will ever care for ourselves. He hates nothing He had created. We just need to let him be part of our journey.

Through the merits of Christ's Passion, Death and Resurrection we can call God, Creator of the Universe, "Abba-Father".

We have an access to the most sacred source of life.

Imagine, we – the frail, mortal beings – can reach for immortality.

Our destiny is to be with our Creator. Death will be no more, neither sorrow nor crying, but the fullness of joy, the fulfilment of love and eternal happiness in God's Holy Presence.

Dear Friends, come to participate in our services, to celebrate God's Love. May You and your Loved Ones have a truly joyous, blessed Easter!
